

APPRENTICESHIP OPPORTUNITIES WITH NFU MUTUAL

Earn, learn, and gain professional qualifications along the way

Based: Stratford upon Avon

Salary: £19k - £21k + Excellent Benefits, Conditions & Prospects

In 2020 we won the Gallup Exceptional Workplace Award for a fifth year in a row and are justifiably proud to be one of only 40 companies across the globe to receive this prestigious accolade. And as an award-winning provider of general insurance and financial services, with a history stretching back over 100 years, we really believe it re-enforces our position as a great place to work, as well as the ideal place to start your career.

Insurance is an incredibly diverse marketplace with a rich history of helping people and businesses assess the risks they could face. Insurance touches the lives of everyone and allows us to operate secure in the knowledge that should the worst happen, we will have the support we need.

ABOUT THE APPRENTICESHIP PROGRAMME

Our apprenticeship programmes are an investment in both you and your career. Head office based and run over a 2-year period, they are offered on a full-time employed basis, pay a competitive salary and provide you with genuine prospects. Joining our Large Corporate Insurance Claims department, you'll enjoy a combination of 'on and off the job training', consisting of a series of work placements and project activities designed to give you a real breadth and depth of experience, ensuring you are fully equipped to make the most of your future.

The Requirements:

With a genuine interest in taking the apprenticeship route as a first step towards building a successful career, you should have:

- Good written, communication and PC skills
- 5 GCSE Grades A* to C or 9 to 4 (including English & Maths)
- Studied at A Level

The Package:

There is more to joining NFU Mutual than just the salary and benefits listed below – good as they are. Instead, we would like you to see the bigger picture, such as the full study support package and personal development opportunities on offer, along with the qualifications you can gain along the way. In your case, the Insurance Practitioner Apprenticeship, which includes an internationally recognised professional qualification with the Chartered Insurance Institute (CII).

- Starting salary of £19k - £21k
- An annual performance related bonus
- A full study support package and mentoring at no cost to you
- 25 days holiday
- Access to free chartered bus service to help you get to and from work
- Opportunities to complete community and charity work
- A wide range of retail and insurance discounts for you and your friends and family
- Flexible benefits – dental cover, cycle to work scheme, season ticket loans, buy or sell holiday entitlement and childcare vouchers.

We think the facts speak for themselves and hope you do too – but don't just take our word for it!

I can honestly say that choosing the apprenticeship route into a career is one of the best things I have ever done. NFU Mutual is invested in developing their own people and this has been essential to my own growth.

Apprenticeships are the best way to get hands on experience and develop your understanding of the industry. My highlight has definitely been being able to develop the friendships I have gained from joining NFU Mutual and also finding that Insurance and claims handling is an area I would love to continue to progress in.

Chloe English,
Paralegal Support Apprentice

HOW DO I APPLY?

All of our apprenticeship vacancies are advertised on the Government's official job site for apprenticeships in England, as well as on our own website, where you can find out lots more information about working at NFU Mutual.

Simply apply with your CV via our Careers site at careers.nfumutual.co.uk/what-you-could-be-doing/apprenticeships or findapprenticeship.service.gov.uk/apprenticeshipsearch

Closing date for applications: 21st March 2021.

Once we have taken a look at your CV we will let you know if you have been successful through the sifting process, and if you have you will be invited to an assessment centre. These will take place during weeks commencing 5th and 12th April 2021. It is anticipated that all assessment centres will take place virtually via Microsoft Teams.

We look forward to hearing from you!
