

Teaching and Learning Content: Geography

Year Group: 10

Spring Term – Half Term 4

Topics:

- The Changing Economic World

Home Learning: Set Bi Weekly

Key Questions:

- How has the economy of the UK changed?
- What is a post-industrial economy?
- What is a science park?
- What is a business park?
- How has industry impacted our physical environment?
- How have rural landscapes changed?
- How has the UK's transport infrastructure changed?
- What is the north- south divide?
- How does the UK link with the wider world?

Diagnosis

- Retrieval activities
- Cold calling questioning

Therapy

- Sharing model responses (teacher/student led feedback)
- Repair tasks following assessment
- Peer to peer support in lessons

Students will:

- Know trends in employment structure
- Describe the characteristics of high-tech work places
- Understand the emergence of science parks and business parks
- Consider how industry can be more sustainable
- Examine areas of population growth and areas of population decline
- Understand how a range of different transport networks have developed
- Learn how regional strategies have attempted to address inequalities

Testing

- Students will complete an assessment every half term with a response to feedback that highlights an area to repair their knowledge/skills on.
- Peer and self-assessment
