1. Aims

This policy aims to set out our school's provision of impartial and informed careers guidance for our students. This includes the ways in which students, parents and carers, teachers and employers can access information about our careers programme.

High-quality careers guidance is important for our students' futures, and our provision aims to:

- › Help students prepare for the workplace, by building self-development and career management skills
- › Provide experience and a clear understanding of the working world
- › Develop students' awareness of the variety of education, training and careers opportunities available to them
- › Help students to understand routes to careers that they're interested in, and to make informed choices about their next step in education or training
- › Take into account the individual needs of all students to tailor the programme accordingly and provide the right level of support
- › Promote a culture of high aspirations and equality of opportunity

2. Statutory requirements

This policy is based on the statutory [Careers guidance and access for education and training providers](#) from the Department for Education (DfE).

This guidance refers to:

- › [The Education Act 1997](#)
- › [The Education and Skills Act 2008](#)
- › [The School Information \(England\) Regulations 2008](#)

This policy is also in line with the [Skills and Post-16 Education Act 2022](#) (the 'provider access legislation'). It explains that our school must provide a minimum of 6 encounters with technical education and apprenticeship providers to all students in years 8 to 13 about their education or training offer. For more detail on these encounters, see our provider access policy statement, which you can find on our website.

This policy is also in line with the [Education \(Careers Guidance in Schools\) Act 2022](#), which amends the existing duty in The Education Act 1997, so that:

- › Our school must now secure independent careers guidance for students from year 7 (instead of from year 8, previously)
- › As an academy in England, we're now required to provide and publish careers guidance

The above guidance requires that we publish information about the careers programme on our website, and that it is communicated in a way that enables learners, parents and carers, staff, and employers to access and understand it. This includes:

- › The name and contact details of the careers leader
- › A summary of the careers programme
- › Details of how students, parents and carers, teachers, and employers can access information about the careers programme
- › How our school measures and assesses the programme's impact on learners
- › The date by which we will review information

We also act in line with our statutory duty under the provider access legislation (also known as the 'Baker Clause'), to be impartial and not show bias towards any route, be that academic or technical. This policy

should be read in conjunction with our provider access policy statement, which sets out how our school meets this duty, and can be found on our website.

3. Roles and responsibilities

3.1 The local governing body (LGB)

The LGB will:

- › Actively engage in setting the direction for a whole-school approach to careers guidance with the headteacher, to make sure it is aligned with the school's vision, priorities and development plans
- › Provide clear advice and guidance on which the school can base a strategic careers plan which meets legal and contractual requirements
- › Maintain strategic oversight of the school's legal and contractual requirements for careers guidance and hold senior leaders to account for delivering against those requirements
- › Appoint a member of the LGB who will take a strategic interest in careers education and encourage employer engagement
- › Make sure that independent careers guidance is provided to all students throughout their secondary education (11 to 18 year-olds) and that the information is presented impartially, includes a range of educational or training options and promotes the best interests of students
- › Make sure that a range of education and training providers can access students in years 8 to 13 to inform them of approved technical education qualifications and apprenticeships
- › Make sure that arrangements are in place for the school to meet the legal requirements of the provider access legislation, including that the school has published a provider access policy statement
- › Make sure that details of our school's careers programme and the name of the careers leader are published on the school's website

3.2 Headteacher

The headteacher will:

- › Work with the LGB to set the direction for a whole-school approach to careers guidance, making sure it is aligned with the school's vision, priorities and development plans
- › Support the careers team to deliver the school's careers programme
- › Build careers into staff development for teachers and support staff and make sure that the careers leader, careers adviser and senior leaders receive training and development to deliver high-quality careers provision
- › Make sure that personal guidance is provided to students by a qualified careers adviser
- › Network with employers, education and training providers, and other careers organisations

3.3 Senior leadership team (SLT)

The SLT will:

- › Support the careers programme
- › Support the careers advisor in developing their strategic careers plan
- › Make sure the careers advisor is allocated sufficient time and budget, and has the appropriate training, to perform their duties to a high standard
- › Support the careers adviser to deliver personal guidance to students, making sure it's well-resourced
- › Work closely with the careers adviser in the overall development and evaluation of the careers programme
- › Network with employers, education and training providers, and other careers organisations

3.4 Careers advisor

Our careers advisor is Christine Evans and they can be contacted by phoning 024 7630 2580 or emailing c.evans@meadowparkschool.com. Our careers advisor will:

- › Support students to make effective career decisions
- › Take responsibility for planning and delivering the careers programme and work towards meeting the Gatsby Benchmarks in a meaningful way
- › Coordinate and manage careers activities and the budget for these
- › Work with the senior leader for professional development to make sure the careers programme is informed by a strategic careers plan aligned to the school's priorities
- › Engage parents and carers throughout – newsletters, options evening, careers fair
- › Establish and develop key relationships to drive progress and continuously improve the careers programme
- › Establish and develop links with external employers, education and training providers, and careers organisations
- › Use and sequence labour market information (LMI) throughout the careers programme, tailoring it to individual circumstances
- › Work with relevant staff, including the SENCO, subject teachers and pastoral teams
- › Work closely with relevant staff, including our special educational needs co-ordinator (SENCO), to identify the guidance needs of all of our students with special educational needs and/or disabilities (SEND) and put in place personalised support and transition plans
- › Work with our school's designated teacher for looked-after children (LAC) and previously LAC to:
 - Make sure they know which students are in care or are care leavers
 - Understand their additional support needs
 - Make sure that, for LAC, their personal education plan can help inform careers advice
 - Engage with the relevant virtual school head and ensure a joined-up approach to identifying and supporting students' career ambitions
- › Evaluate and continuously improve the careers programme, drawing on feedback from all stakeholders and the destinations of students
- › Review our school's provider access policy statement at least annually, in conjunction with the senior leader for professional development and agreement with our LGB

4. Our careers programme

Our school has an embedded careers programme that aims to inform and encourage students to consider their career options, and take steps to understand their choices and pathways. We provide statutory independent careers guidance to students from year 7 onwards.

Our programme has been developed to meet the expectations outlined in the **Gatsby Benchmarks**:

1. A stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each young person
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experience of workplaces

7. Encounters with further and higher education
8. Personal guidance

Our programme doesn't show bias towards any particular institution, education or career path, and promotes a full range of technical and academic options for students. We consider the best interests of the student to whom the career guidance is given.

It is structured in a way that builds upon previous years, and the overarching aim is divided between the Key Stages so that students are encouraged to think appropriately about their future. We provide aims, objectives and activities for each year group.

Our careers programme is delivered through a number of methods, including:

- > Timetabled PSHE lessons
- > Drop down days
- > Curriculum and subject lessons
- > Assemblies
- > Pastoral support
- > A professional careers advisor
- > Trips and visits
- > External speakers

4.1 How we meet our requirements

All subjects link curriculum learning with careers. Additionally, our PSHE curriculum includes information on careers and employability.

Every pupil will receive at least 1 personal guidance meeting with a careers adviser by age 16 with most students accessing more.

Every pupil will receive a further meeting by age 18.

Information about personal guidance support, and how to access it, will be communicated to students, parents and carers, and other stakeholders, including through the school website.

Key Stage 3

Our Key Stage 3 careers programme will support students in their planning and choices of GCSE subjects. This includes:

- > A talk about KS4 options
- > Year 9 Pathways Information Evening for students, parents and carers
- > Designated careers lessons within PSHE
- > Subject specific careers weeks
- > School careers fair
- > Visits to local universities
- > Access to Unifrog

We are working towards our requirements to provide:

- > At least 2 encounters with providers of technical education or apprenticeships in year 8 or 9 (this is set out in more detail in our provider access policy statement, which can be found on our website)
- > 1 week's worth of work experience activities

Key Stage 4

Our Key Stage 4 careers programme aims to help students research and understand their choices and routes into education and training. This includes:

- A talk from a further education college about post-16 options
- Designated careers lessons within PSHE
- Subject specific careers weeks
- School careers fair
- Tutor time programme
- Assemblies
- 1:1 meeting with careers advisor
- Individualised career action plan
- Visits to local universities
- Access to Unifrog

We are meeting our requirements to provide:

- At least 2 encounters with providers of technical education or apprenticeships in year 10 or 11 (this is set out in more detail in our provider access policy statement, which can be found on our website)
- 1 week's worth of work experience placement(s)

Key Stage 5

Our Key Stage 5 careers programme supports students in planning for their future, including university and alternative pathways. This includes:

- Careers lectures from universities and employers
- Careers and apprenticeship fairs
- Designated careers lessons within PSHE
- Work experience placements
- Visits to local universities
- Access to Unifrog

We are meeting our requirements to provide:

- At least 2 encounters with providers of technical education or apprenticeships in year 12 or 13 (this is set out in more detail in our provider access policy statement, which can be found on our website. These encounters are mandatory for the school to put on, but optional for students to attend)

4.2 Students with special educational needs or disabilities (SEND)

All students with SEND will be supported with a careers programme that follows the Gatsby Benchmarks. We expect that the majority of students with SEND will follow the same careers programme as their classmates, with adjustments and additional support as needed. Information, opportunities and support will be personalised and sequenced to meet the needs of each pupil with SEND and their families.

Our careers advisor will work with teachers and, where appropriate, professionals from relevant organisations, to identify the needs of our students with SEND and put in place personalised support and transition plans. This may include meetings with students and their families to discuss education, training and employment opportunities, supported internships and transition plans into higher education.

Our careers advisor may, as appropriate, invite adults with disabilities to visit and share their experience and advice.

No information will be given to students without SEND that is not also offered to our students with SEND.

4.3 Access to our careers programme information

A summary of our school's careers programme is published on our school website, including details of how students, parents and carers, teachers and employers can access information about the careers programme.

Students, parents and carers, teachers, and employers can request any additional information about the careers programme by contacting our careers advisor, Mrs Evans on 024 7630 2580 or email c.evans@meadowparkschool.com.

4.4 Access to pupil participation records

We measure the progress of students and keep records as they move through the Key Stages.

We collect, maintain and use accurate data for each pupil on their aspirations, intended and immediate education, and training or employment destinations, to inform personalised support. We also keep records for each pupil of their participation in the careers programme, the individual advice given to them and subsequent agreed decisions.

Students have access to these records to support them during transition points and in their career development.

These records will be kept in line with our data protection policy, which can be found on our website.

4.5 Assessing the impact on students

Our careers programme is designed so students and parents/carers can give feedback throughout the course of the programme. We measure and assess the impact of the programme's initiatives through pupil voice and parent voice.

This evidence will feed into the overall development plans to make it easier to evaluate, improve and adapt our careers programme to ensure it meets the needs of all students.

5. Links to other policies

This policy links to the following policies:

- > Provider access policy statement
- > Child protection policy
- > Curriculum policy
- > Data protection policy

6. Monitoring and review

This policy, the information included, and its implementation will be monitored by the LGB and reviewed annually.

The next review date is: November 2026.
